“ *Jamie, I wish we'd been in more contact since your diagnosis.....I should have called more. I am sad I didn't get to say goodbye....and that we hadn't talked more. We had so much fun when together.....I've always missed those times and now regret we didn't have more. I will always remember you.....always. I've missed you for a long time but miss you more even now knowing I will never get to hear your laugh or see your smile. I am glad we talked a few months ago...but wish it had been more often and since. I got the news from your mom.....when I didn't hear back from you after a couple texts. I am so sorry for your family....mom, dad, daughters ....all your family members. I hope someday, I get to see you again. I love you Jamie, and will always remember our times....and I will always miss you.....Hugs.*

“ Christina, I want to know that you are loved by many. I ask God to comfort and keep you in His mighty hands. May God continue to bless you and your family as you mourn the loss of your mother. Know she is proud of you and your accomplishments. She will always be your angel in heaven watching over you as God guides you through this life until you see her again when Jesus comes. My thoughts and prayers are with always. I love you dearly.Auntie Connie
