

## Joseph Mykel Rubash

August 20, 1993 - November 22, 2022

### Joseph Rubash Obituary

Joseph, The Fuzz, Mykel Rubash peacefully passed away in his sleep November 22, 2022.

He is survived by his dad Charles, extended family, and treasured friends.

His love of family was on par if not exceeded by his passion for flying. Some of his other passions included art and music.

In life he strove to help his chosen community through software coding, designing chips, fabricating new part designs, and rc repairs.

He tried to be there for his friend's when they were in need.

Although his medical condition kept him from flying on his own. He did not let it stop him from flying in other ways. Whether with rc plane, drone, or on two wheels through the twisties that line the Sierra Nevada mountains.

While he no longer walks with us in person, he is surely flying now.
