“ *Dearest Brigette & Family, Our thoughts and prayers are with you during this difficult time. We will treasure all of our loving, thoughtful and funny memories of Ken. He was such a sweet and good person. I was going through a drawer the other day and ran across an old email from him. He sent me your new address, phone, etc. It read "Hey Knucklehead!" I think that was his way of saying "Hello!" from heaven. Today, I realized he passed away on my 52nd birthday. I will always include him in my yearly celebration. We will miss you WoJo! RIP.*
