Lucretia Mulvey Obituary

It is with great sadness that we mourn the passing on July 23, 2020 of Lucretia Mulvey, nee Lucretia Losorelli in Folsom, California. She was pre-deceased by her parents, Nicola and Teresino Losorelli, and her sister Maria Caringella. She is survived by her husband Brian, son Sean, grandchildren Keira and Callum as well as brothers Giuseppe and Salvatore Losorelli. Lucretia was born in Glendale, CA in 1955 and grew up in the San Gabriel Valley of Southern California. She had a varied working career as a registered dental assistant (RDA) and also working part time at Sears; was an environmental hazardous waste specialist for Hughes Aircraft Company, and finally a project manager for the mortgage industry in Sacramento. She was also the first woman in her family to earn a Bachelor's degree. She met and married Brian when the two met while working for Sears. They had a wonderful life together during their 42 year marriage and moved to Northern California in 1997. She loved to travel the world, ran in the California International Marathon in 2003 with exercise being very important to her. Her greatest joy was her grandchildren. She taught them to be kind to others and that it was way more rewarding to give gifts than to receive them. Her infectious laughter would light up a room and make all those around her laugh with her.

“ Dear Brian and Family, Please accept my deepest sympathy for the loss of Lu, your lovely wife, mother and grandmother. Lu was an extraordinary woman. There are many in the community who are deeply mourning her passing as she led a life of service, love, compassion and excellence. Having been fortunate to call Lu my friend over the last six years, I will always remember Lu as loving and caring who always had a smile to help brighten our days. I will remember Lu for her love of life, her infectious smile and laughter, generosity and kindness. Lu will be greatly missed, and will be forever in our hearts.

“ Our dear sister, sister-in-law, and aunt Lu, Our hearts are so full of family memories and love for you that we can't express into words how our heart is broken. We won't forget our last couple of FaceTime together. Your spirit and strength and faith comforted us as our hearts were breaking. I know as your brother that you were the best sister, wife, mother, and most of all grandmother. Your loyalty and love of family will never be forgotten , but we will see you again. I will always miss your texts on Packers game day. We love you Lu!!!!
