“ *Mark I love you so much and I miss you with all of my soul I wish I would have gotten a chance to tell you that you were the best thing that ever happened to me and I cherished every minute I got to spend with you and yes sir you taught me everything but one thing how to live without you*

“ *Mark today is your birthday and I am just starting to come to reality that you are gone I love you mark and I will always be thankful that I had someone as wonderful and understanding as you in my life. Like none else you understood me and I will never be able to tell you how much you mean to me and just say thank you for loving me when none else did and the song by colin Dion because you loved me is all I can say will describe how I feel*
