December 14, 1951 - September 9, 2019

Shirley Ostroski Obituary

Shirley Ostroski: Born 12.14.1951 - Passed 9.9.2019; Shirley found her calling as a Courier for General Electric - Health Care. She loved working in their Family-like Environment of Health Care professionals on a daily basis and, making a difference. Her bead hobby allowed her to display necklaces and rings she made at street fairs throughout the years. If you complimented something - it might later become your special present. She could play the piano by "ear" and collected "everything." We loved her and we'll miss her special "craziness." An informal Memorial with food and drinks will be held at a future date.
