“ Dear baby sister, though we were separated by years and miles, I always loved when we were able to spend time together. You were an expert at thrift store shopping, and knew the best places for particular items. I had a great time eating lobster at Rudy's with you, Morher, Carole and Helen. I love you and will miss you terribly, sweet sister Susan.

“ Aunt Susan with her beautiful smile was always so giving and kind. With her big heart, she had a way of making me feel so incredibly loved and special. She spoiled all of us kids with her generosity and I treasure the many family holidays spent together. I am also thankful for the years I worked with her at Food and Ag, her smile brightened every work day. I love and miss you Aunt Susan.
